

Alberta 2007 Slalom Achievements

2007 was another great year for Alberta Slalom. We took home 10 medals from the Canadian National Championships, had two Junior National Team members, two National Development Team members, two World Championship Team members and countless personal best results in Alberta, Canada, North American and International races. Included are all the results of Alberta paddlers for 2007 including the percentages for Alberta races. Congratulations to all the competitors and I look forward to lots more excellent results for Alberta athletes in the coming years.
