

WHITEWATER CANOE SYMPOSIUM

with Paul Mason, Andrew and Carole Westwood

July 25th to August 1st, 2011

Paul and Andrew are coming to the Upper Red Deer River where they will team up to co-teach their internationally acclaimed, advanced whitewater solo open canoe course. Andrew and Paul have been refining their course over the years and are now sharing what they've learned via their online Paddlepointers and rare special courses such as this one.

As added bonus Carole Westwood (Andrew's wife) who is a finesse paddler both on slalom gates and steep creeks will be offering a women's only course for tandem and solo canoes.
