July 24, 2007

Hello all,

I just wanted to let you know information regarding the Slave River trip to Fort Smith, NT.

Leave Alberta the evening of August 12, 2007 for Fort Smith
Return Evening August 23, 2007 from Fort Smith

The local club is keen to help organize an Aquabatics Cup and there is heaps of good surf and play! Despite stories of how huge the water is, there is paddling for all levels as long as you have moving water experience.

Learning objectives: To create an awareness to the magnitude of the river and its surroundings (1.5 km wide and big river channels) through guided trips, play and learning progressions that focus on building comfort, confidence and skill. Please bring playboats and slalom boats for paddling on the Slave, there are many opportunities for both.

Coaches: Saskia van Mourik and Chip Powell TAK and Mike Holroyd ATS and those who are participating in the Youth Leadership Diploma.

Please contact me at awatd@telus.net to confirm your attendance and if you have any questions. Pricing will follow attempt to follow the usual TAK and ATS pricing. A few minor adjustments may need to be made to coincide with offsetting the costs of travel. Currently the idea is to car pool unless we are able to get a team van. Once I know who is coming I can organize/arrange for rides, accommodations etc.

Cheers
Saskia
