Authorization

This five year plan was developed and approved by the Alberta Whitewater Association (AWA) Board of Directors on January 21, 2014

Message from the Board

The Alberta Whitewater Association is pleased to release its five year strategic plan that outlines the goals and priorities as well as action plans going forward. The purpose of this document is to assist the current and future Board of Directors, Staff and members to see the road map forward that will sustain the organization and create growth in the sport of whitewater kayaking and canoeing.

Acknowledgements

The AWA would like to acknowledge and thank the many generations of paddlers that have contributed their time, energy and resources to bring the Association to its current state of affairs. The AWA would also like to thank the volunteers and staff who worked on the new Strategic Plan.

Organizational Overview:

The Alberta Whitewater Association (AWA) is the Provincial Sport Governing Organization responsible for whitewater canoe/kayak sport in the Province of Alberta. The AWA was founded in 1972 and has been an active participant in whitewater paddling in Canada since 1972 when the first Nationals were held in Alberta.

WHITEWATER DISCIPLINES & CLUB STRUCTURE

The AWA has undergone a number of structural and organizational permutations in this period. In 2004, the disciplines of Canoe Polo and Slalom were spun out as independent Associations, Alberta Canoe Polo Association (ACPA) and Alberta Slalom Canoe Kayak Association (ASCK), to govern their affairs and raise the funds necessary to build their programs at the elite level.

The mandate for these Disciplines is the promotion and development of their specific sport at the Provincial Team and National Team levels. Translated into the Long Term Athlete Development model this is the Train to Compete (Pursuit of Excellence) and Train to Win levels. They are also involved with club athletes as they transition from Train to Train (Transformations) into a specific discipline focus.

In 2012 the same plan was rolled out for Freestyle as the best way to build this discipline.

The AWA remains the parent body that represents whitewater canoe/kayak sport in Alberta to government funding agencies and CanoeKayak Canada. It is responsible for the overall whitewater program development in Alberta but focuses its attention to the foundational elements of the sport: *Participant Development, Club Development, Leadership Development, Facility Development and the Environment.*

In the Long Term Athlete Development model, the clubs are responsible for FUNdamentals, Learn to Train (Developmentals) and Train to Train (Transformations). The AWA works to support the clubs and to coordinate programs that help participants to transition between “dry behind the ears” novices to highly skilled experts in whatever boat or discipline they choose to participate in.

STAFFING

Currently the Association employs 1 full time permanent staff, the Executive Director. The Executive Director works from a home office in Lundbreck, using electronic communications to complete their duties.

Since 2008, the AWA has received an annual grant from the Government for a High Performance Coach. This grant is allocated to ASCK for slalom coaching programs at the LTAD Pursuit of Excellence and Train to Win levels. ASCK fundraises to support this position and the High Performance Slalom program. Mike Holroyd has been employed in this position since the inception of the program.

GOVERNANCE

The Board of Directors blends both Operational and Governance styles to fulfill their mandate to manage the affairs of the Association. Meetings are held via electronic mediums once a month or as necessary for the committees.

The AWA maintains a balance of revenues to fund its operations. Government funding accounts for 35% of the annual operating budget of \$150,000. Casino revenues and donations make up 30% and program fees and memberships account for the remaining 35%. The disciplines of slalom and canoe polo have similar financial profiles.

The AWA's membership consists of individual paddlers that can join the Association independently and members that join through a paddling club. Only paddling clubs have voting rights within the AWA. There are 16 paddling clubs in Alberta scattered from the Crowsnest Pass to the Slave River and Grande Prairie to Lethbridge across all 8 zones.

FACILITIES

Alberta has a multitude of great paddling venues throughout the province. Community swimming pools teach the basics of paddling skills in a safe and supervised environment to the beginners and children. Lakes, ponds and slow moving rivers are employed to refine flatwater skills and build confidence for beginners. And there are rivers from Grade II to V+ that give intermediate and expert paddlers places to go and test their skills while enjoying the level of experience desired.

The AWA has been involved in the construction of 3 whitewater paddling facilities over the past 28 years. The latest facility is the reconstruction of the WID weir in downtown Calgary into the Harvey Passage whitewater park which flooded the drowning machine and created a series of rapids and features for paddling. Boulder Run near Pincher Creek was built when the province constructed the Oldman River Dam in 1992. The lower Kananaskis River remains the flagship for the AWA and is a National Western Training Centre for slalom and freestyle disciplines.
